

Empowering biologics delivery

Experience and History

- GMP manufacturing initiated in 1985
- FDA inspected since 1990
- Supplied the first semi-synthetic phospholipid for an approved drug product in 1990

Clinical and Commercial Scale Capacities

- cGMP contract manufacturing of proprietary lipid products
- 50g-25kg batches
- Simultaneous multi-batch manufacturing capabilities
- Scale up options to additional Croda sites

Regulatory Support

- >35 active drug master files for clinical trials and commercial products
- Filings with >7 Regulatory Bodies
- Open DMFs

Support Services

- Formulations Consultations and Services
- Custom Synthesis of Reference Standards
- Additional Regulatory Services for Avanti's Items

Discover the Difference

GMP Catalog

Semi-Synthetic: Phosphatidylcholine, Phosphatidylethanolamine, Phosphatidylserine, and Phosphatidylglycerol
